Live your fantasy...

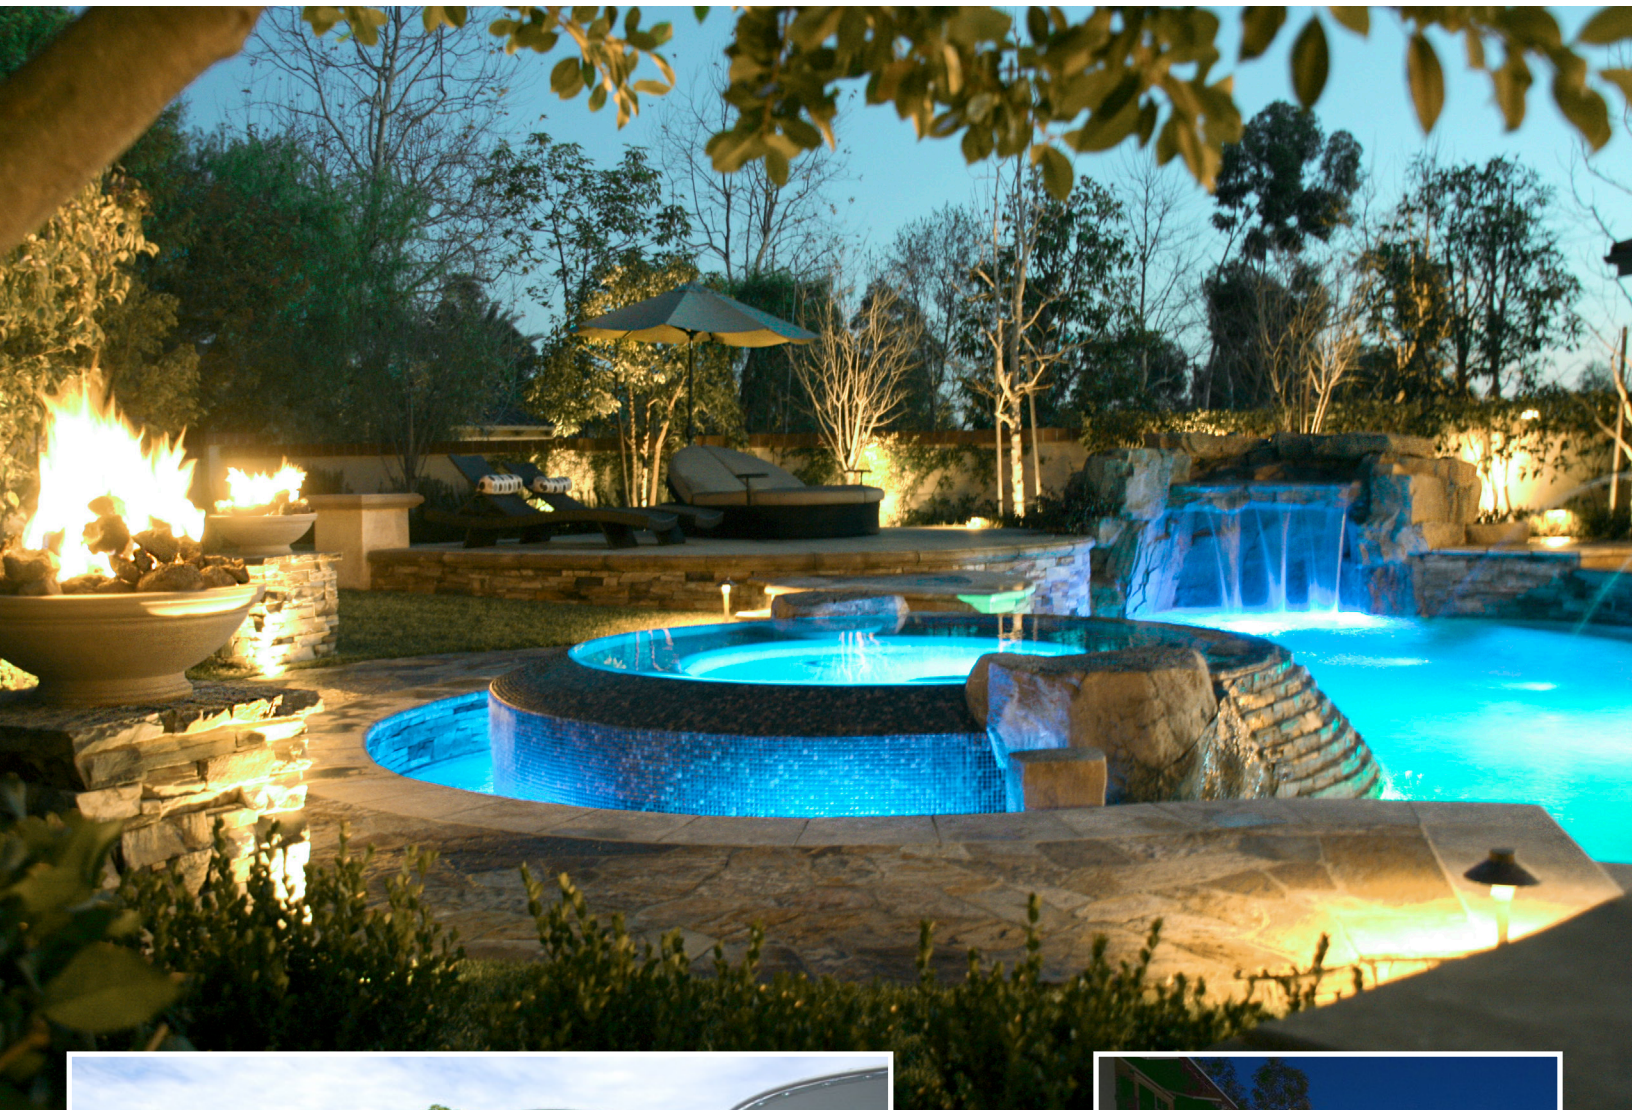

In the far corners of our minds most of us have an escape we dream about slipping off to...

It might be basking in the warm Tuscan sun at an Italian villa overlooking a sparkling blue Mediterranean...

or leisurely sipping a cool tropical drink as you recline beneath a cascading grotto...

in the midst of swaying palms and lush Tahitian foliage...

Aquanetic can make your dream come true as we have for over one thousand others since 1975

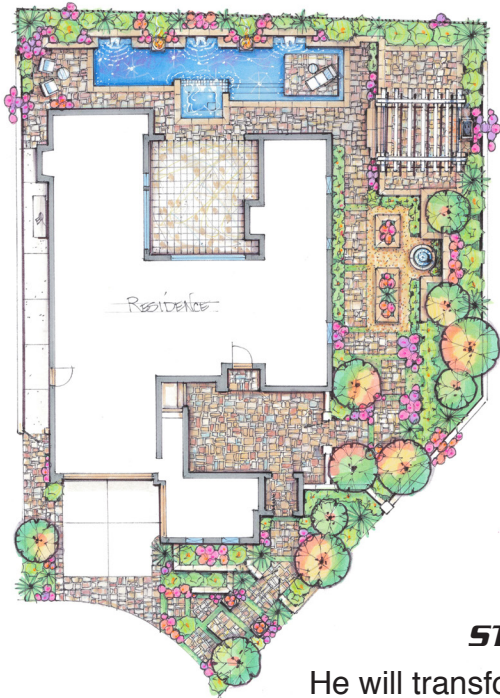

ENJOY THE **Aquanetic** DESIGN EXPERIENCE

Have an **Aquanetic** designer meet with you to listen to your desires, needs and budget requirements. He will present a stunning array of photos showing many exciting styles and motifs. You and he together will design your custom project. He will provide you with an extensive customer list for you to visit and inspect and he will take you personally to projects that have a similar feeling to yours.

Your **Aquanetic** designer will explain to you our lifetime structural guarantee, our premium quality Pentair equipment, the latest technology in filtration, heating, salt systems, pebble finishes and remote control systems. He will show you why a hand crafted **Aquanetic** pool has enduring beauty that can last a lifetime. Your designer is a qualified expert who will personally supervise your project assuring you the utmost satisfaction.

STEP ONE - Before
Have your AQUANETIC designer review and inspect your project site.

STEP TWO - Your Plan
He will create and design a scale plan just for your site.

STEP THREE - After
He will transform your dream plan into a stunning reality.
